<p>Staffing is 3 SHOs, 1 Middle Grade & 2 Consultants during the day 1 SHO, 1 Middle Grade & Consultant on-call at night Recently started training programme for 2x ACCPs</p>

Part 4

Training

Wide range of medical and surgical patients. The ICU also provides stabilisation for all critically unwell children with close links to our regional PICU in Southampton.
Trauma unit with busy ED taking adults and children.
Major maxillo-facial reconstructive centre & major general, ENT and gynae-oncology centre.
The Critical Care Unit has it's own bronchoscopy stack and scopes, echo machine and ultrasound machines. It is also completely computerised, with a Clinical Information System, including electronic notes, charting and prescribing. We have an active research interest and there is opportunity to develop experience in all of these areas. We have 2 FICE accredited mentors and can provide training in supervision in point of care ultrasound & echo.

4.2 Details of departmental teaching days

Monthly protected formal teaching afternoon
Teaching ward round every day at 1030
Radiology teaching each Thursday lunchtime
Microbiology ward round each afternoon
2-3 weekly in situ simulation training.

4.3 Details of clinical governance meetings and / or M & M

Monthly clinical governance meetings
Quarterly M&M meetings

4.4 Number of trainees on each tier of the rota

12 SHO
8 Middle Grades
7 Consultants
